EXPOSURE

BY GEOFF GRAHAM

Finally, after 9 months of wishing the Suburban Youth Ramp was done, it now has 2 layers of 1/2 inch plywood, pool coping one side, and metal on the other, plus 8 & 4 foot rollout decks. Laying in a secluded spot in Macungie, Pa, it has already been the victim of some heavy sessioning. It's dimensions are 12 feet wide, 14 feet of flat, and has

Glen Charnoski, frontside air, S.Y. Ramp

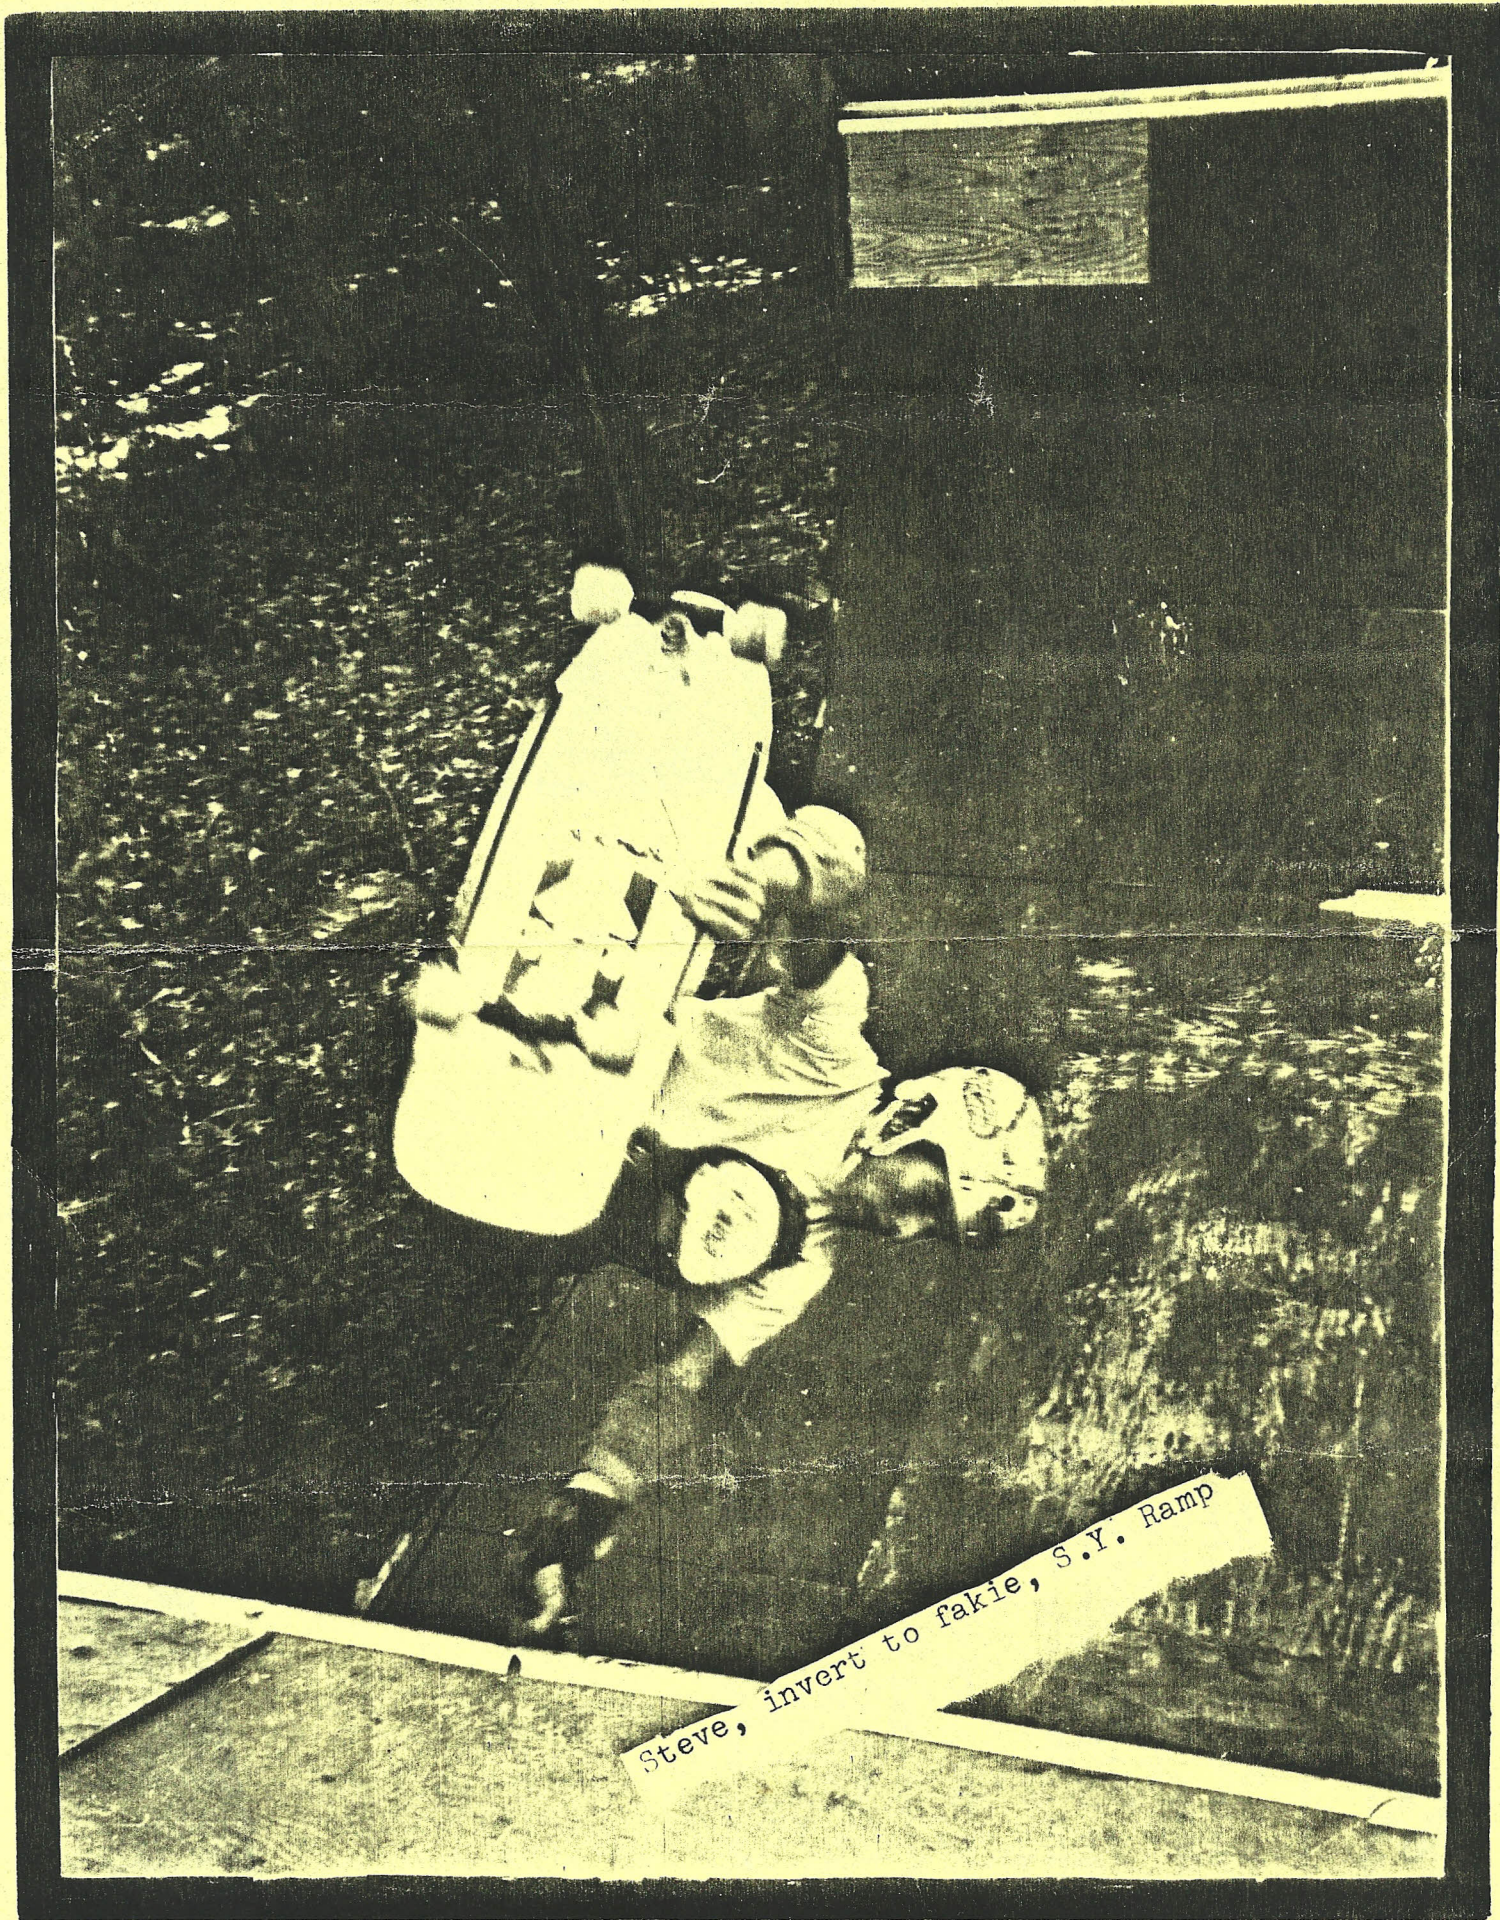

8 foot transitions. It has 2 feet of vert on the 8 ft. deck side, and 1 ft. on the other. On the low side, there are 2- 4 ft. wide, 1 ft. high "tombstones" placed on each corner, (They aren't pictured but they're there now.) Well that's about it dimension-wise, it's open to any skaters who want to skate it, but if you pose we'll give you to the rednecks down the street.

McRAD

O.K. This is it. These guys rip so heavily I can't believe it! They just released their 12" E.P. and if you don't get it fast, you are so lame. The members of the band are; Chuck on guitar, Ethan Jarvis on vocals, Zeke Zegar on bass, and Tris on the drums. The best song, by far is, "Sundial", which is about stale people who do the same thing day after day. It's way fast, and it rips all! The 2nd side has 2 reggae songs on it, they're cool too. All I can say is get this album or you're missing out!!

-Rick Charnoski

M.F.C.

These guys are a way hot local band from Naz. The only real members of this band are, Robbie-guitar, and Ken Sig.- drums. The bass player, and singer are sorta sketchy. They constantly get offers to play gigs, but they can never make it. They might be on a N.J. compilation, and I might sing, but that is still pretty sketchy too. Just keep an eye out for em though, cuz they're great.

- MASSIVE
- FRONTSIDE
- CARVES

The "All Kinds of Garbage" section has now been changed to "Nooks & Cranny's" for no apparent reason.

Glen Charnoski's bad luck seems to have worn off on his brother, Rick. He went to the doctors office a few weeks ago due to extreme abdominal pain. His doctor took some tests, and left the room. When he returned to the room, Rick was told he had Diabetes, and was admitted to the hospital for a couple weeks.

But alas!, that was not enough. About a week after he got out of the hospital, the S.-Y. ramp was finished and we had a 2nd layer within a week. He dropped in on the new layer for the 1st time, shot up the other side, grabbed a backside, hung up, ate it, and broke his collar bone. How lame!!!

The old M.F.C. ramp has been torn down & construction on their new ramp will soon start.

The ditch contest will probably be held on 2nd weekend in May. It's not positive yet, but it's a good possibility. Local skaters are known to have been ripping it up lately, they've even got some newspaper coverage.

Dork sessions at "Dumb Sue's" house have been getting pretty hectic lately.

Tom Groholski will be home much sooner than expected.

The philly skaters have finally got a ramp, but due to some real lame-o's, they can't skate it.

Don't take our word for it, but some people have been saying that they saw Ian MacKaye at a gig, and he was so drunk, he could hardly stand up. Could his strait edge be getting a little crooked? (Doesn't this remind you of the National Enquirer???)

Of course you all know by now that the Suburban Youth Ramp is now done, and as we promised, we are gonna have a massive contest. It'll be on Sunday, April 29, so be there!

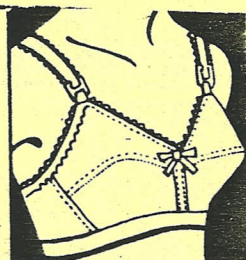

Get your Kick-Turn Magazine T-shirts now! Check the back cover for details. K.M. stickers are coming real soon also.

The winners of the "Skate Tough Or..." contest are Victor Koons, and Mike Maize of Danville, Pa., with entries such as; Skate Tough Or; have nocturnal emissions, grow a beard, surf, blow-dry your hair, have long finger nails, and wear a belt. Those are just some of the best ones.

Geoff Graham's mom has the quote of the month: "You know girls that skateboard?, boy, they must be doozies"

Well we hope you liked #3, but if you didn't then you don't have to read the next one, O.F.?
